New Product Choice For Singaporeans To Kick-start Year 2003

As a fresh start for the new year, Singaporeans can get to enjoy an even wider range of Nippon Paint products with the recently launched paint - EasyWash. This new range of water-based low sheen emulsion paint made for easy living, enables home decorators to wipe away dirt even more easily than ever before. With just a few gentle wipes, walls are left looking as good as new!

Besides having excellent washability and stain resistance properties, Nippon Paint EasyWash also has low odour, and good fungus and alkali resistance properties. It is both extremely easy to apply and maintain. Available in a range of long lasting brilliant colours, the paint is also environmentally friendly and safe to use on any part of the house, especially children rooms.
